

# This Is My Paradise

## Bridgit Mendler

There's my street  
There's my right, my left feet  
There's the road, there's a road of nowhere that ends meet I've got the sun, I've got the sand  
I've got that rock 'n' roll band  
Here I stand I told you that when the morning comes  
I'll be there, my left hand in your right one This is my, this is my paradise  
I'm at home, and oh, oh, I've got it right  
Let the sun on my shoulders shine  
We can run beneath this clear piece of sky  
This, this is my paradise Lemonade, summer games we remember  
Golden days with a haze in December  
Let's get some blue, oh boy, I'm through with being too cold to move  
Sunshine is overdue I'm breaking out my summer dress, yeah  
I'm singing, I'm dancing, I'm obsessed, yeah This is my, this is my paradise  
I'm at home, and oh, oh, I've got it right  
Let the sun on my shoulders shine  
We can run beneath this clear piece of sky  
This, this is my paradise Breaking the wave out on the sand  
Hand in hand, I still hear that band  
Oh and tomorrow comes, I'm not scared  
'Cause I know sunshine's gonna be there This is my, this is my paradise  
This is my, this is my paradise  
Oh, oh This is my, this is my paradise  
I'm at home, and oh, oh, I've got it right  
Let the sun on my shoulders shine  
We can run beneath this clear piece of sky  
This, this is my paradise
