Stay With Me

Pebbles

Waited so long
Now I found the perfect one
I was alone but now I'm having so much funChorus:
So stay with me forever
I will never let you down
If we stay together
My love will always be aroundNow I can see
Just how special love can be
Please take my hand (oh babe)
Together we'll make historyBridge:
I'd give my heart and my soul
I promise not to let go (oh no no)
And if there's one thing I know
Is boy I'll fight for you I'll die for you
And I'll always love you soChorus x2
Stay with me forever (my lovin')
I will never let you down
If we stay together
My love will always be aroundBridge:
