

Do You Feel Bad About It

Frank Black and the Catholics

Let me tell you what I would do
I'd consider the possibility of a mistake
Yeah, if I were you
I would give me a breakDo you feel bad about it?
Do you feel sad about it?
Do you feel sick about it
This parting of the ways?I don't want to chat about it
I want to scream and shout about it
'Cause I ain't had it about this
This parting of the waysWell, I served you up all my affection
But that didn't work out so great
And I'd help you with your defection
But I still think I'm your best fateLet me tell you what I would do
I'd consider the possibility of a mistake
Yeah, if I were you
I would give me a breakDo you feel bad about it?
Do you feel sad about it?
Do you feel sick about it
This parting of the ways?I don't want to chat about it
I want to scream and shout about it
'Cause I ain't had it about this
This parting of the waysWell, I never will be ashamed
Of begging you, begging you
For more of the same
