Say You Will

Wakefield

Say you will
Say you might
Could you stay a while
there is time
If I had known
I 'd be walking home alonePlease won't you just calm down
Maybe we can talk this out
You haven't even heard my side of the story
She was a big mistake
I didnt mean to hesitate
My futures fallin in my hands
Why can't you understand?
YeahThey're out to get me
You've got to believe meSay you will
Say you might
But please dont say goodbye tonight
Cause I had planned
That you try
Change your mind
Could you stay a while
There is time
If I had known
I'd be walking home aloneYeahIt doesn't have to be like this
Now please take this off my wrist
We'll make believe this never happened
Let it go, it's in the past and
stop looking at me with those eyes
Acting like your so suprised
What else can I possibly say
She had it coming anyway, yeahThey're out to get me
You've got to untie me[Chorus]Yeah, Yeah, Yeah
Yeah, Yeah, Yeah, Yeah
Yeah, Yeah, Yeah
Yeah, Yeah, Yeah, Yeah
Yeah, Yeah, Yeah
Yeah, Yeah, Yeah, Yeah
Yeah, Yeah, Yeah
Yeah, Yeah, Yeah, Yeah
