Burnin' Leather

Bathory

It's something you can't fake it's all within
Seek for the truth deep inside
Let it open your heart let in the flame
Receive it with mind open wideShake those bonds loose of religion and gospel
But remain a die hard believer
Never let your dreams die the power is all within
And let the flame become your redeemerClimb the mountainside of your own soul
You'll get so much in return
And once you are master in control of within
Then your leather is ready to burnBurnin' leather burnin' leather
Burnin' leather burnin' leatherA coward is no warrior with a heart full of pain
To wield your sword loose lead your fear astray
Open your heart and it'll all comes clear
If your heart is true you've got nothing to fearClimb the mountainside of your own soul
You'll get so much in return
And once you are master in control of within
Then your leather is ready to burnBurnin' leather burnin' leather
Burnin' leather burnin' leatherA coward is no warrior with a heart full of pain
To wield your sword loose lead your fear astray
Open your heart and it'll all comes clear
If your heart is true you've got nothing to fearIt's something you can't fake it's all within
Seek for the truth deep inside
Let it open your heart let in the flame
Receive it with mind open wideShake those bonds loose of religion and gospel
But remain a die hard believer
Never let your dreams die the power is all within
And let the flame become your redeemerBurnin' leather burnin' leather
Burnin' leather burnin' leather
