

I Cry Holy

Kenny Lattimore

The world was cold and everywhere was dark
Full of lost empty hearts
Waiting for Heaven's sign
Praying for hope to arise
We wondered just who You'd be
Final words conquering kings
Save us from our enemies
Born to come set us free
And there you are laying asleep in a manger
While angels watch breathless beholding our Saviour
And they cried

Holy
Holy
Holy
Holy are You Lord

Everyone gathered round
Laying their gifts on the ground
In honour of your majesty
All worshipping at your feet
We did not understand that you'd be
God's greatest plan
And You were our only help
Saving us from ourselves
You left Your throne because of Your great mercy for me
I'm overwhelmed that Your love will count me worthy
And I cry

Holy
Holy
Holy
Holy are You Lord
I love you Lord
I Worship you
All the Earth is filled, filled with Your glory
All the Earth will cry holy, holy
All the Earth is filled, filled with Your glory
All the Earth will cry holy, holy

All the Earth is filled, filled with Your glory

All the Earth will cry holy

Holy

Holy

Holy

Holy...

I cry

I cry holy

I cry holy

And I cry

And I cry

And I cry

I cry holy

I cry holy

God I cry

God I cry

God I cry
