

# Dare4distance

## Never Shout Never

I got the concept and came to the conclusion  
That the top floor was just an illusion  
To the fact that I got this break in my back  
That I can't get out, I can't figure out how You appeared right in front of me  
Before you marched down South, the university  
Is where you spend your daylight  
We're both just waiting for this Friday night Although the distance is daring, we both know how to drive  
Oh, we can't make up for the lost times that we both apologize for  
And I can't stand the fact that this extremity is the center of my day  
I see where you're coming from We've been on the same boat since day one  
I see how you like to run  
Back to the things that got you here, oh  
Although the distance is daring, we both know how to drive Oh, we can't make up for the lost times that we both  
apologize for  
And I can't stand the fact that this extremity is the center of my day  
You're the center of my day  
Oh, Mondays I sleep away Tuesdays I lay awake  
Wednesdays they are the worst  
Whoa, Thursdays I reminisce  
Friday, I see your face and I can't breathe Although the distance is daring, I sure know what it's like to be alone
