Journey

Jim Brickman

Five minutes in heaven
Is this all that we get, what a way to go
Five minutes in heaven
Breathe that scream into me, what a sad little show
It feels like love
Not some rigged up holiday
Where I believe in somebody who can bring me down again
It feels like love
Is this how you make me pay
Branding me with deep cuts that will never go away
Five minutes in heaven

Did you stage this yourself, every twist and turn
Five minutes in heaven
What a masterpiece, will we ever learn
It feels like love?
Five minutes in heaven
Is this all that we get, just a shadow, just a screen
Five minutes in heaven
Would you paint that smile made for me, just to wipe it clean
It feels like love?
