The Only Song

Sherwood

And I'm ok
Seems I just needed a break
Sat down but now I'm up again
And finding out I'm alone
My friends left me behind
And into another town
Where this boy is not around
And I don't blame them
I'd do the sameAnd now I'm alone againSo I'll sing along to the only song I've ever known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely onesHey, let's write the story again
Where I'm your lover and best friend
Pack our backs and we'll leave this old ghost town behind
And into another town
Where this boy is not around
He made the mistake of leaving youThat was mistake number twoSo I'll sing along to the only song I've ever known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely onesHey, let's write the story again
Where I'm your lover and best friendSo I'll sing along to the only song I've ever known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely ones, oh oh oh
Oh oh oh
