

The Only Song

Sherwood

And I'm ok
Seems I just needed a break
Sat down but now I'm up again
And finding out I'm alone
My friends left me behind
And into another town
Where this boy is not around
And I don't blame them
I'd do the same And now I'm alone again So I'll sing along to the only song I've ever known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely ones Hey, let's write the story again
Where I'm your lover and best friend
Pack our backs and we'll leave this old ghost town behind
And into another town
Where this boy is not around
He made the mistake of leaving you That was mistake number two So I'll sing along to the only song I've ever
known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely ones Hey, let's write the story again
Where I'm your lover and best friend So I'll sing along to the only song I've ever known
And I'll sing it out to the lonely ones, oh oh oh
Those days are gone but the nights roll on taking their place
So I'm singing it out to the lonely ones, oh oh oh
Oh oh oh
