Ten to One

Circlesquare

Still believe
In education
All hopes and dreams in
Dilations
From cheap ways out
With long durations
Oh, bless your parents
Oh, bless your patience

There?s still time
For breaking voice
Till all your vices
Become drugs of choice
Just memorize
When it hypnotized
Rolling back your eyes babe
Don?t fake suicide babe
No it don?t go

Ah ah ah ah ah ah ah ah ah ah
Ah ah ah ah ah ah ah ah ah ah
Ah
Ah ah ah
X2

Still believe
In intuition
Honest promise
Psychic life
Admission
Silent gaps
Stop look and listen
What a great new way to
Learn your hearts condition cause

There?s still time
To search the drawer
Full of all the good
You damaged from before
And when that?s enough

Let your words erupt
What? You?re breaking up
What babe? You?re breaking up
No it don?t go
Ah ah ah ah ah ah ah ah ah ah
Ah ah ah ah ah ah ah ah ah ah
Ah
Ah ah ah
X2

Are ten to one
(repeat till end)

Your techno?s not techno
(repeat till end)

We are not
Older then
(repeat till end)

And on
(repeat till end)
