Fallin'

Nightcore

People always tell me
If you truly believe in somethin'
That somethin', will finally come to you
People always tell me
People always tell me (fallin', fallin')In my dreams
There is someone like you
And it seems,
This is the day my dreams come trueHold me now
Never let go
Hold me now
'Cause I'm fallin' (echo)
Don't know what to do
I am fallin' (echo)
Fallin' in love with you
I am fallin'Fallin' (x3 fade)(Fallin')'Cause I'm fallin' (echo)
Don't know what to do
I am fallin' (echo)
Fallin' in love with you
I am fallin' (echo)
Fallin' in love with you
I am fallin' (echo)
Fallin' in love with you
I am fallin' (x7-8 Echo & Fade)One look inside
And I'm lost forever
No need to hide
We will always be together
(I will always believe in you)
Hold me now
(No matter what people say)
Never let go
(I will always come back to you)
Hold me now(Fallin')'Cause I am fallin' (echo)
(I will always believe in you)
I don't know what to do
(No matter what people say)
I am fallin' (echo)
(I will always come back to you)
Fallin' in love with you
I am fallin'

I am fallin'Fallin' in love
in love (x11 echo & fade)
