Beautiful Like You

Lee Dewyze

Everybody wants to look into the mirror
And feel a little better now
And everybody wants to know there's someone out there
Waiting for you to come around
And I wish that you could feel it
But you don't choose to believe it
'Cause I know that you can't see it
That way, that way
If you could only just stop, stop, stop running
If you could only take a second to breathe it in
Everything that you know would be beautiful like you
You know they're never gonna stop, stop, stop your love
Let's pretend that the world is waking up
Everything that we see is beautiful like you, like you
Everybody wants to tell someone their secrets
Why don't you tell me now?
Well, maybe I can fix this, then I don't want you to miss this
Say I'm sorry, raining down, yeah
If you could only just stop, stop, stop running
If you could only take a second to breathe it in
Everything that you know would be beautiful like you
You know they're never gonna stop, stop, stop your love
Let's pretend that the world is waking up
Everything that we see is beautiful like you
Sometimes it's hard to be yourself in this crazy world
Sometimes it's hard to breathe, yeah
Everybody wants to know there's someone out there
Waiting for you to come around, come around
If you could only just stop, stop, stop running
If you could only take a second to breathe it in
Everything that you know would be beautiful like you
You know they're never gonna stop, stop, stop your love
Let's pretend that the world is waking up
Everything that we see can be beautiful like you
Can be beautiful like you
Can be beautiful like you
Beautiful
