Walk Me Out

Asia Cruise

Got a little
Got a little
Got a little
Got a little
Got a little secret
Don't think I can keep it
If I let you know
Promise you won't go
Haven't gotten my feet wet
I don't have no regrets
Cause I saved it all for you
If we can play a little longer
Till we feel it stronger
It will be much better
All about the pleasure
You ain't never rushed me
But eachtime you touch me
Heres what I want you to do
Take me by the hand and
Baby understand that
I need you to make it good for me
I'ma let you walk me walk me walk me out
Walk me walk me walk me out
Move a little closer
Kiss me on my shoulder
Want you just as bad as you want me
I'ma let you walk me walk me walk me out
Walk me walk me walk me out
Now we ride up on the weekend
I'm so sick of creepin
Ain't nobody home
We can be alone
Something about your mouth piece
Everytime your mouth speaks
I do what you want me to
So tonight you be my teacher
Help me do my research
Following your lead
I just wanna be

The one that makes you happy
Baby don't ask me
Tell me what you wanna do
Take me by the hand and
Baby understand that

I need you to make it good for me
I'ma let you walk me walk me walk me out
Walk me walk me walk me out
Move a little closer
Kiss me on my shoulder
Want you just as bad as you want me
I'ma let you walk me walk me walk me out
Walk me walk me walk me out
I'm gunna leave this party
Leave this party
With you (hey) You (hey)
Now all the ladies and the fellas
Get jealous cause how we do (hey) Do (hey)
Were the best dressed yes
And freshest out the crew (hey) Crew (hey)
I'ma tell my girls they can ride out now
Cause I'm leaving with you(hey)
But you gotta walk me out
You puttin' diamonds on my necklace
You been getting reckless
If we take it slow
You ain't gotta go
I can cook you breakfast
Top it with a french kiss
Orange juice so beautiful
We can lay back (Put your arm around my shoulder)
Watching movies (then we'll get a little closer)
All I want to do is
Make sure that you'll be here
If I give it all to you
Take me by the hand and
Baby understand that
I need you to make it good for me
I'ma let you walk me walk me walk me out
Walk me walk me walk me out
Move a little closer
Kiss me on my shoulder
Want you just as bad as you want me
I'ma let you walk me walk me walk me out

Walk me walk me walk me out
Take me by the hand and
Baby understand that
I need you to make it good for me
I'm a let you walk me walk me walk me out
Walk me walk me walk me out
