

In Front Of Me

Nickelback

It's hard to breathe from underneath
Smothering in all your heat
It's hard to take, it's tough to break
So I don't make the same mistake
The same mistake, the same mistake
The same mistake, the same mistake
Out in the yard, is where I play, don't come in
'Cos I'm afraid, you saw my face, I faced my friends
Do I tell or just pretend? I found a friend, a friend
Who knows, who says he'll help but then he goes
And then he goes, and then he goes
And then he goes, and then he goes
In front of me, In front of me, so far from me, yeah, yeah
I'm in the way, the way it goes, so go away, yeah, yeah
In front of me, in front of me, so far from me, yeah, yeah
Fingernails filled with dirt, if you don't tell
You don't get hurt, I cry for help, I pray to God
Another tear he tries to rob, to rob of me
My dignity 'cos sanctuary's far from me
Far from me, far from me, far from me, far from me
In front of me, in front of me, so far from me, yeah, yeah
In, in the way, the way it goes, so go away, yeah, yeah
It's hard to take a piece of me so peacefully, yeah, yeah
In front of me, in front of me, so far from me, yeah, yeah
So broke inside, don't run away and find
Another place to stay and make
Our inhibition go away
Because I'm so afraid, yeah, yeah
It's hard to breathe from underneath
Smothering in all your heat
It's hard to take, it's tough to break
So I don't make the same mistake
In front of me, in front of me, so far from me, yeah, yeah
In, in the way, the way it goes, so go away, yeah, yeah
It's hard to take a piece of me so peacefully, yeah, yeah
In front of me, in front of me, so far from me, yeah, yeah
