Original Sound (feat. Frazah)

Bru-C

My names bru-c...frazah.

One USB with Original sound
Don't play tunes we're flinging them out'
Sound system you can feel it get loud
Roof is high but bringing 'em down
when I touch mic you can feel it im proud
skippy is flow with the ryhtem and bounce
man takes stuff to get the most high-wide eyed
in a rave aint killing no doubt
Aint gunna come down no way not ever
back my raving crew like Stella
Many ages see man come together see many stages the music gets better
Way to hot to be wearing a sweater don't stand still in the rave in my sweater
One bag of this and pip ful of that next day mandem aint feelin so clever..
whatever..
