Fly To The Angels

Slaughter

Pictures of you
Oh, they're still on my mind
You had the smile
That could light up the world
Now it rains
It seems the sun never shines
And I drive down
This lonely, lonely road
Ooh I got this feelin'
Now I gotta let you goBut now you've got to fly
(Fly high)
Fly to the angels
Heaven awaits your heart
And flowers bloom in your name
You've got to fly
(Fly high)
Fly to the angels
All the stars in the night
Shine in your nameThough it hurts me, way deep inside
When I took a look
And found that you're not there
I tried to convince myself
That the pain
The pain is still not gone
But still I drive down
This lonely lonely road
But I got this feeling
Girl I gotta let you goYou've got to fly
(Fly high)
Fly to the angels
Heaven awaits your heart
And flowers bloom in your name
You've got to fly
(Fly high)
Fly to the angels
All the stars in the night
Shine in your nameOoh yeah
And still I drive down
This lonely lonely road

Oh I got this feelin'
Oh, I can't let you go
But I know that you've got to fly
(Fly high)
Fly to the angels
Heaven awaits your heart
And flowers bloom in your nameOhh you've gotta fly
(Fly high)
Fly to the angels
All the stars in the sky
Shine in your name oh yeah
Ooh, ooh
Ooh yeahI'm gonna miss you
I'm gonna miss you so
