Come Back Down

Danny Fernandes

You need it, you feed it
Just like a drug, you need me
And the feeling brings you down
The thick smoke, you see it
The air around you breathing
But the feeling brings you down

And there's no one to save you
And there's no one around
If these walls could talk
Do you know what they'd say now?

I can barely hear you
Can you speak out loud?
Don't you get too high
If you can't come back down
I'm talking like
Up, up away
Up, up away
Up, up away, yeah
Up, up away
Up, up away
Come back down

The cut's deep, you're bleeding
Your heart's been torn to pieces
And the feeling brings you down
You can't breathe and what you need
Is someone to take you from me
This love will knock you down

And there's no one to save you
And there's no one around
If these walls could talk
Do you know what they'd say now?

I can barely hear you
Can you speak out loud?
Don't you get too high
If you can't come back down

I'm talking like
Up, up away
Up, up away
Up, up away, yeah
Up, up away
Up, up away
Come back down

I can't breathe
The pain is killing me
I can't be
Everything you want and need
You should leave me now, me now
Don't you get too high
Don't you get too high
If you can't come back

I can barely hear you
Can you speak out loud
Don't you get too high
If you can't come back down
I'm talking like
Up, up away
Up, up away
Up, up away, yeah
Up, up away
Up, up away
Come back down
