

# Little Red Rooster

## Big Mama Thornton

Got a little red rooster  
And that rooster lazy just to crow for day  
I got a little red rooster  
And that rooster too lazy to crow for day  
I know he keeps everything in the barnyard  
Upset in every way I heard the dog next door bark  
And my hound he began to howl  
I heard the dog bark  
Oh my hound he began to howl  
I said you better watch out all you girls  
Big Mama's red rooster  
He's now on the prowl Because he keeps all the hens  
Keeps them fighting among themselves  
You know he keeps all the hens  
Oh he keeps them fighting among themselves  
Because he don't want his hens - no  
Layin' eggs for no one else I see my red rooster  
Please send that rooster back home  
If you see - see my red rooster  
Please please send him back home  
Because we haven't had no peace in the barnyard  
Since the little red rooster  
I'm talkin' 'bout the little red rooster  
I mean that ole little bitty rooster  
Cockadoodledoo  
Since that rooster been gone
