Georgia

Hanson

Georgia, you know that you've been on my mind
Georgia, we both learned to compromise
I'll be there for you
When everybody's coming unglued
I'll be there for you
I won't say you have to choose
I don't want to let you go
And I don't want to lose you slowly
I just want to let you know
That it's only just a little back and forth lately
Georgia, I'll be chasing you the rest of my life
Georgia, welcome to the roller coaster ride
When I come to you
I know that you'll help get through
I'll be there for you
We both know we could never choose
I don't want to let you go

And I don't want to lose you slowly
I just want to let you know
That it's only just a little back and forth
It's only just a little back and forth lately
You carry it like a heavyweight champ
It's hard to say I can't but I know I can't be right there standing
I don't want to let you go
And I don't want to lose you slowly
I just want to let you know
That it's only just a little back and forth lately
I could never let go
After all that you've been to me
I just want to let you know
That's it's only just a little back and forth
it's only just a little back and forth lately
A little back and forth lately
A little back and forth
