Someday

Elliott Yamin

Woke up this morning
Needed to talk
Picked up the phone and started to call
And that's when it hit me
That you were gone

So many questions
Things they've been said
So much confusion
Going around in my head
And so many reasons that just
Don't' make sense

[Chorus:]
I cry to carry on
But something's missing inside
I just want to know if you're above me
Show me some kind of sign

Do you still hear me
When I call your name
Do you with me when I loose my way
When it gets hard let me know what to do
Ohhh yeah

You always told me that you never go
I need you to show me that I'm not alone
Do you still hear me when I sing for you
Show me you do

How do I start to
Make sense of what's left
Still carry the memory of you
In my head
And I'm just not ready to let you
Go yet
Ohhh nooo

But I know you're proud of
The man that I am

I know you'd want me
To go on ahead
And I give it all just to see you again.

[Chorus]

Do you still hear me
When I call your name
Do you with me when I loose my way
When it gets hard let me know what to do
Ohh yeah

You always told me that you never go
I need you to show me that I'm not alone
Do you still hear me when I sing for you
Show me you do

I know that I see someday
Ohh someday
I will see you again
I will see you again
Someday, ohh someday
I will see you again
I will see you again
