Vent

Tricky

She's the one makes me feel these ways
He's the one needs some raise
Can't stand to feel
Hate to feel
Gone insane
Hijack a plane
Don't push me 'cos I'm close to the edge
I'm tryin' hard not to lose my headCan hardly breathe
(Deceived)
I've been deceived
She hides my ventolin
Can hardly breathe
Can hardly breathe
Can hardly breatheI'm the one
(I'm the one)
Who hides his medicine
(Who hides his medicine)
Watch him stop breathing
(Watch him stop breathing)
Watch him bleed
(Watch him bleed)I right the wrongs
(I right the wrongs)
And take his songs
(And take his songs)
An we'll all live happy ever after
(An we'll all live happy ever after)Can hardly breathe
(Can hardly breathe)
Can hardly breathe
(Can hardly breathe)
Can hardly breathe
(Can hardly breathe)
And we all seem together nowCan hardly breathe
Can hardly breathe
Can hardly breathe
...
