Don't Blame Yourself

The New Deal

It's what you know

Oh no, it's what you know
Oh no, it's what you know
Oh no, it's what you know
Oh no, it's what you know

Why can't we trust ourselves
With a little bit, a little conversation
It's just a little conversation
(It's what you know, it's what you know)

Oh, we might try and tell ourselves
That we're not interested
That we're not pushing it but we keep pushing it
(We keep pushing it)

Don't blame yourself if you want it
Don't blame yourself once you got it
Don't blame yourself if you want it
(I think that you know that I want it)

Don't blame yourself if you want it
Don't blame yourself once you got it
Don't blame yourself if you want it
All yourself

Well, we might try to tell ourselves
But, we might lie to tell ourselves
That we're not interested but we keep pushing it
We keep pushing it

Pushing it all the way down
Don't waste another day, no
Show you the only way I know how
(I think that you know that I want it)

Don't blame yourself if you want it
Don't blame yourself once you got it
Don't blame yourself if you want it

(I think that you know that I want it)

Don't blame yourself if you want it
Don't blame yourself once you got it
Don't blame yourself if you want it
All yourself

It's what you know
Oh no it's what you know
It's what you know
Oh no it's what you know
(I think that you know that I want it)

Don't blame yourself
(It's what you know)
Don't blame yourself

Don't blame yourself
(It's what you know)
(I think that you know that I want it)

Don't blame yourself
(It's what you know)
Don't blame yourself

Don't blame yourself
(It's what you know)
(I think that you know that I want it)

Don't blame yourself
(It's what you know)
Don't blame yourself

Don't blame yourself
(I think that you know)
(It's what you know)

I want it
I want it
I want it
