

# Amazing (feat. Adam Turner)

## Mars and Vans

Verse 1:

I know it's hard to believe  
That every day is a beautiful day  
When every day seems to waste away. And when tomorrow never comes  
And the minutes feel like hours  
And the hours feel like days

Pre-chorus:

Tonight  
Is your night  
And when you're scared of falling, look up  
And see where you are

Chorus:

Believe me  
You're not alone now  
I can see you smiling inside at the turn of the tide; it's amazing  
And maybe  
You'll see the light shine  
You gotta pick yourself up, and with luck you'll see the world light up  
Tonight's your night

'Cause you're amazing

Verse 2:

I know hard it is to dream  
When you're only left feeling afraid  
You've given up on the plans you made But things aren't always as they seem  
They can turn back the right way  
'Cause today is a beautiful day

Pre-chorus

Chorus

'Cause you're amazing

Chorus
