

# Fool's Parade

## Burning Point

Dive into your angel heart  
You gotta push it away kick it real hard  
But don't let it be  
Do whatever you do to feel free  
And if they don't understand you  
Tell 'em to skip the first part I drive a cadillac in a fool's parade Try to convince me and gimme a break  
No one who controls no one to destroy or rip it apart  
Now I can do whatever I want  
With all the reasons you had to bring me down  
It was a mistake I drive a cadillac in a fool's parade Hang on to the things you believe  
Don't let it come over you  
And take you over to behave  
Strange how it feels to be on my own  
Talking to myself enjoying to be alone I drive a cadillac in a fool's parade I'm breaking out of my nut case  
I try to find my way out of any place  
Thank you for helping me and waking me up  
Thank you for killing me and bringing me luck  
I'm all alone and doing real fine  
You had it your way now it's mine  
Inside of me I got rid of a rock  
I feel stronger now so what the fuck
