

Lip Singer (feat. Zach Clayton)

Nick Bean

You make me wanna say Aye oh oh oh Aye oh oh oh
I fell in love with a lip singer (with a lip singer) (with a lip singer *2)
You make me wanna say Aye oh oh oh Aye oh oh oh
Uh, I met this bad girl
Ain't no telling what she do to me
I met this bad girl, she was featured up on musical.ly
Eyes look good and them jeans so tight and the way that body moving, I just had to drop a like
And she did it so perfect didn't even know the song
She pop up in my DM's so I'm knowing that it's on
and yeah she's Mrs, Right cause she ain't never left, and yeah your girl is nice but you know mine is the best
Yeah my shawty famous so you know we stay trending
Never taking L's cause you know we stay winning
And my moneys long yeah you know it's not ending
You say this is the end, this is only the beginning
I fell in love with a lip singer
Everytime she posts yeah she gets featured,
Everytime I press play she makes me want to say
Aye oh oh oh, Aye oh oh oh (*2)
Yeah she lip sync in Spanish like I know she speaks it fluently (she do)
Shining like a diamond so I call her Mrs. Jewelry, you might lose your fame but baby you ain't never losing me,
you and me together baby that's just how it's supposed to be
You know she my shawty so I always like her post, and yeah
I love this life but I'm loving you the most, she my BFF forever so you know we're really close and she my love
drug I overdose
Yeah my shawty famous so you know we stay trending
Never taking L's cause you know we stay winning
And my moneys long yeah you know it's not ending
You say this is the end, this is only the beginning
I fell in love with a lip singer
Everytime she posts yeah she gets featured,
Everytime I press play she makes me want to say
Aye oh oh oh, Aye oh oh oh (*2)
I fell in love with a lip singer (*4)
You make me wanna say
Aye oh oh oh, Aye oh, oh, oh (*2)
I fell in love with a lip singer
Everytime she posts yeah she gets featured,
Everytime I press play she makes me want to say
Aye oh oh oh, Aye oh oh oh (*2)
