Smile

Hanson

[Incomprehensible]Well, this feeling that you're feeling
Is something I know you've felt before
When I see you, I want to hold you
Till the end of time and a little bit moreAnd I'm not gonna let it go
You've got to let your feelings showSo smile, give me all your heart and we'll never be apart
I'll never leave you alone, yeah, if you'll just smile
Tell me that you care 'cause I'll always be there
Never leave you hurting if you just smile, yeahWell, this feeling, I've been feeling
Well, I can feel it right now from my head to the floor
When I see you, I want to love you
Till the end of time and a little bit moreAnd I'm, and I'm not gonna let it go
You've got to let your feelings showSo smile, give me all your heart and we'll never be apart
I'll never leave you alone, yeah, if you'll just smile
Tell me that you care 'cause I'll always be there
Never leave you hurtingI got my joy all broken into
But if anyone can heal me baby it's you
Won't you come and hold my hand
This world has taken me as far as it can without yourSmile, give me all your heart and we'll never be apart
I'll never leave you alone, yeah, if you'll just smile
Tell me that you care 'cause I'll always be there
Never leave you hurt, if you just smile, yeah
If you'll just smile, if you'll just smile, if you'll just smile, oh smile
