Inside

Kem

I get a rush when I brush up against your lovin?
Feelin's start to flow, ooh and there I go in your lovin?
Find myself at ease when you're lovin? me
All I need I find in your love
Girl, don?t you know I made up my mind?
On givin? you a love so fine
I?m livin? inside your love
I?m never gonna let you go
I?m gonna let my feelin's show
I?m livin? inside your love
So come with me set sail, we?re free
Heaven knows no bounds
Why don?t we make this last forever?
I?ve gotta an awful lot of love to give, we can fly, soar
Oh, I have no fear, when you're near all my pain disappears
I?m left in peace surpassin?, understandin?
No inhibition, no superstition
What we have is pure like snow, girl
I?ve made up my mind
On givin? you a love so fine
I?m livin? inside your love
I?m never gonna let you go
I?m gonna let my feelin's show
I?m livin? inside your love
I?m gonna do the best I can
To be your ever after man
I?m livin? inside your love
Takin? it day by day

Lovin? you this way
I?m livin? inside your love
After all this time
I?m givin? you a love so fine
I?m livin? inside your love
I?m never gonna let you go
I?m gonna let my feelin's show
I?m livin? inside your love
Gonna do the best I can
To be your ever after man

I?m livin? inside your love
Takin? it day by day
Me lovin? you this way
I?m livin? inside your love
Girl, after all this time
I?m givin? you a love so fine
I?m livin? inside your love
Gonna do the best I can
To be your ever after man
Livin? inside your love
Livin? inside your love, babe
Livin? inside, livin? inside your love, babe
Gonna do all I can
To be your ever after man
I?m livin? inside
Gonna stay inside your love
I'm livin? inside
