

Lovin' Start

Betty Who

When it's me & you
I got everything to prove
But I got nothing for ya
I need you alone
A little piece of you to own
I just wanna explore ya
'Cause you know I adore you! You know that I'm the first to fall,
Holding on long distance call
You're living your life in fantasy
It's not even in my galaxy!
I'm the first in line to see
Everyone else just tryin' to meet you
And I got nothing for ya! 'Cause when you fall you light up the sky
I watch you come apart
And you know who makes it right
Just let my LOVIN START When it's you & me,
There's no one else to see how I give it to ya!
And you know that you don't have to tell me what to do
Oooh oh ooh oh
You know that I'd be hanging on,
Whenever you wanna come back home
You know how easy it's gon' be
When you put your hands on me
All wrapped up in your hair,
You know I'll be waiting ya
And I'm saving it for you 'Cause when you fall you light up the sky
I watch you come apart
And you know who makes it right
Just let my LOVIN START My love grows more every minute
I get a little closer to your HEART
Because it's you who makes it right
Just let my LOVIN START Put me on, shake me off
Let me change your night
Change your night
Throw me out, hold me down
I could change your life, aah! 'Cause when you fall you light up the sky
I watch you come apart
And you knew who makes it right
Just like my LOVIN START My love breaks you every minute

I get a little closer to your HEART
Because it's you who makes it right
Just let my LOVIN START Break through break through
Break through break through
