In a Blaze

GENTRI

Blaze
To jump and not give a thought where I land.
To speak and let the truth cut where it stands

give me a risk, I'll take the bet
check off my list with no regrets
life is gift I won't let it slip out of my hands

I live life alive
no wasted time
stare fear in the faces
So someday they say I lived
in a blaze

To run chasing the back of the wind.
To fall and get up again and again

give me a risk, I'll take the bet
check off my list with no regrets
life is gift I won't let it slip out of my hands

I live life alive,
no wasted time,
stare fear in the face
So someday they say I lived
in a blaze

Give me a risk,
I'll take the bet
check off my list
with no regrets
life Is gift
I won't let it slip out of my
hands

I live life alive,
no wasted time,
stare fear in the face
So someday they say
I lived

I lived in a blaze
