SHOULD'VE STAYED FRIENDS:
Written By: Gabe LustmanHOOK:What would happened if we hadda stayed friends
guess we'll never know (cuz when we cut girl the feeling was gone)how couuuuuuuuuuuld one night of pleasure
cost a lifelong friend (things between us now just aren't the same)(if we hadda stayed friends)
what would've happened
(if we hadda stayed friends)
now I really lost my lifetime friendVerse:hanging out late was more like the usual thing to do for us
picking you up going to the top of the hill till the sun came upI guess the magic of the night
is what took us by surprise
was it the look in your eyes
or the glistening of the moonlight oh girl cuz wePRE:started with a kiss
how did we get here
so close at first
but its not clearI keep playing it over and over in my head
and I keep wonderingHOOK:What would happened if we hadda stayed friends
guess we'll never know (cuz when we cut girl the feeling was gone)how couuuuuuuuuuuld one night of pleasure
cost a lifelong friend (things between us now just aren't the same)(if we hadda stayed friends)
what would've happened
(if we hadda stayed friends)
now I really lost my lifetime friendVerse2:in back of my drop top yeah I was playing in your hair
I told her put your lips like this then I said girl don't you be scaredwe tried to talk a couple times now
but things just aint the same
what did we do to mess this up
wish we could go back to beforePRE:started with a kiss
how did we get here
so close at first
but its not clearI keep playing it over and over in my head
and I keep wonderingHOOK:What would happened if we hadda stayed friends
guess we'll never know (cuz when we cut girl the feeling was gone)how couuuuuuuuuuuld one night of pleasure
cost a lifelong friend (things between us now just aren't the same)(if we hadda stayed friends)
what would've happened
(if we hadda stayed friends)
now I really lost my lifetime friend
