Open Toes

Katharine Mcphee

I've been needing a girls night out
I've got nothing but hand me downs
I need a quick fix to make these clothes hotter
No matter what it is a girl's gotta
The pedicure, right tip French
My legs don't make no sense
Not rich but I bought a diamond anklet
Keep it on, it goes with my outfit, hey
Hey, lets go, if they're not to high, to low
I'll take them home, in purple, red or gold
'Cause I know them boys, they like those open toes
Jeans all black, hair slicked back
Baseball cap, still cute in my open toes
Mini skirt, feet don't hurt
Just a flirt, too cute in my open toes
Work or play, night or day
Do my thing, too cute in my open toes
Never to many open toes
A girl needs plenty open toes
I'm lovin' these sling back shoes
I like the way they stay loose
I could wear them all day and listen to the click-clack
Shoes like this make me hate flats
Swipe that card I'm good
Another pair in leather and wood
I'm a sucker for a name brand
Skip the rack and stick to the game plan
Hey let's go, if they're not too high
Too low, I'll take them home
(I'll take them home)
In purple, red or gold
'Cause I know them boys they like those open toes
Jeans all black, hair slicked back
Baseball cap, still cute in my open toes
Mini skirt, feet don't hurt
Just a flirt, too cute in my open toes
Work or play, night or day
Do my thing, too cute in my open toes
Never to many open toes

A girl needs plenty open toes
I'm feelin' down that's when I go out
And shop till I drop everywhere that I want
'Cause nothing feels better than spending my treasure
On me, finally, I'm where I'm supposed to be
Jeans all black, hair slicked back
Baseball cap, still cute in my open toes
Mini skirt, feet don't hurt
Just a flirt, too cute in my open toes
Work or play, night or day
Do my thing, too cute in my open toes
Never to many open toes
A girl needs plenty open toes
Put 'em on, put 'em on, let's go
Put 'em on, put 'em on, let's go
Only got one life, feelin' good tonight
And this girls not stayin' home
Put 'em on, put 'em on, let's go
Put 'em on, put 'em on, let's go
Only got one life, feelin' good tonight
And this girls not stayin' home, danger
Jeans all black, hair slicked back
Baseball cap, still cute in my open toes
Mini skirt, feet don't hurt
Just a flirt, too cute in my open toes
Work or play, night or day
Do my thing, too cute in my open toes
Never to many open toes
A girl needs plenty open toes
Put 'em on, put 'em on, let's go
Put 'em on, put 'em on, let's go
Only got one life, feelin' good tonight
And this girls not stayin' home
Put 'em on, put 'em on, let's go
Put 'em on, put 'em on, let's go
Only got one life, feelin' good tonight
And this girls not stayin' home
