Louisiana Style

Tab Benoit

I wanna tell you just how I feel
I had a dream baby, I thought it was real
I woke up in love, now you're all I think of
Every day I'm wastin' timeI'm wonderin' how, to make you mine
I'm just wishin' it could be, you feel the same for me
Since that day I've been lost
I jumped on a alligator, I thought it was a horseI took one hell of a ride, down on bayou side
If I could take you to the fais-do-do
We could dance on end, all across the floor
And we could do it for a while, Louisiana styleI wanna take you to the fais-do-do
Where we can dance baby, until we can't stand no more
I wanna do it for a while, Louisiana style
