

All of My Days and All of My Days Off

A.C. Newman

Sequins in your wake find their way
'Cause someone left the lights on
And the noon, it is a powerful one Sunshine was outside and I found
Something in the swing, here
An idea whose time had come And now I give you my days
(All my days)
All my days
(All my days) And now I give you my days
(All my days)
All my days
(All my days) All my days
(All my days)
All my days
(All my days) It broke open the door, flipping chairs
Tipping over tables
Reminded why I love this one Go, trip down the lane, take my name
Flash bulbs probe eureka
Like an idea whose time had come And now I give you my days
(All my days)
All my days
(All my days) And now I give you my days
(All my days)
All my days
(All my days) All my days
(All my days)
All my days
(All my days) All my days
(All my days)
All my days
(All my days) All my days
(All my days) All of my days off
(All my days)
All of my days off
(All my days) All of my days off
(All my days)
All of my days off
(All my days) All of my days off
(All my days)
All of my days off

(All my days)Sunshine was outside and I found
Something in the swing, here
An idea whose time had comeAnd thunderbolts will strike where they may
Like a drunken master
Like an idea whose time had comeAnd now I give you my days
(All my days)
All my days
(All my days)And now I give you my days
(All my days)
All my days
(All my days)All my days
(All my days)
All my days
(All my days)All my days
(All my days)
All my days
(All my days)All my days
(All my days)
All my days
(All my days)All my days
(All my days)
All my days
(All my days)And all of my days off
(All my days)
All of my days off
(All my days)All of my days off
(All my days)
All of my days off
(All my days)All of my days off
(All my days)
All of my days off
(All my days)All of my days off
(All my days)
All of my days off
(All my days)All of my days off
(All my days)All of my days off
All my days, all my days
All my days, all my days
All my days, all my days
All my days
