Homework

Robben Ford

I don't need, I don't want anymore
Homework, homework
Got enough on my plate don't need more
Homework, homework
When I wanna go
You wanna make me to stop
When I wanna stay
You tell me to get up, get up, get up
When I wanna play
You wanna be hot
When I wanna love
You tell me to shut up, shut up, shut up
I'm breakin' down 'cause you don't want to talk
I bring things up and you brush me off
Waiting on your lovin'
Keep me standin' while you frontin'
You gone keep on messing round
And I'm a give my number out
I don't need, I don't want anymore
Homework, homework
Got enough on my plate don't need more
Homework, homework
Can't you see love should be easy
Not hard just real breezy
I don't need, I don't want anymore
Homework, homework
When I wanna chill
You wanna go out
When I wanna hit it, you say
That you're tired, you're tired, you're tired
When I wanna jam
You wanna be still
Put in all this work to find out
You lied, you lied, you lied
I'm finding out things I don't wanna hear
Ya slowly letting the love disappear
You gonna call my bluff
And then you gonna be left with nothin'
Not like I ain't give you chances

Boy, you just won't make it there, so
I don't need, I don't want anymore
Homework, homework
Got enough on my plate don't need more
Homework, homework
Can't you see love should be easy
Not hard just real breezy
I don't need, I don't want anymore
Homework, homework
I gonna find me another guy
Somebody who's gonna treat me right
'Cause I don't want homework
I don't need homework
I got better things that I gotta do
Won't waste my time messing with you
I don't want homework
I don't need homework
I don't want Mr. Perfect
Just want the real thing
Not claimin' I'm Mrs. Perfect
I just need one thing
Kissing and loving and hugging and holding
And I know I'm not bugging
Thinking and dreaming and hoping and wishing
That day is still coming
I don't need, I don't want anymore
Homework no, no, no
Got enough on my plate don't need more
(Got enough on my plate, got enough)
Homework
Can't you see our love should be easy
Not hard just real breezy
I don't need, I don't want anymore
Homework, I don't want homework
I don't need, I don't want anymore
(Get up, get up, get up)
Homework
Get up, get up
Got enough on my plate don't need more
(Shut up, shut up, shut up)
Homework, homework
I can't get down 'cause you don't wanna talk
I bring things up and you brush me off
I don't need, I don't want anymore
Homework, I don't want homework

I don't need, I don't want anymore
