I Will

Dani Shay

I will run my ass into the woods if you'll follow,
And I will sing for you my dreams about tomorrow
Don't you know I, Don't you know I, Don't you know I will
I will.
I will do things I never thought I would do but always kinda wanted to. I will move slowly, show me everything you want me to do
'Cause don't you know I, Don't you know I, Don't you know I will.
I will.
Oh, hold me until I wake up inside of the picture that I've been imagining.
I am painting love a portrait and I can see it like it's happening
So when, oh when will I be there? When, oh, when will I be there?I am right here, right now, right here
I am right here , right nowI am right here, right now, right here
I am right here , right nowI am right here, right now, right here
I am right here, right nowI am right here, right now, right here
I am right here, right nowI am right here, right now, right here
I am right here, right nowSo, I will arrive for my own life when I am damn well ready
and I know my mind likes to take the light and turn it around and make it heavy
Oh, but don't you know I, Don't you know I, Don't you know I will, I will.I will.
