

# Rain of Blood

## DIE FORM

( Martti perkele, Saatanan Martti..! )Lords of chaos, rulers of death  
In your hands waits the last breatheDominator of the numbers  
Show the way, secrets of sixPower of dark will rise above tonight  
Living a soulless lifeRain of blood wash us away  
Statues of life will never see the day  
Mistress of the night seduces the light  
Innocent smile provocate to endless suicidePower of dark will rise above tonight  
Final global war turn hell into skyNorthern secrets on my side  
Living a soulless life
