

# You Could Have Been a Lady

## April Wine

You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady They all need you  
To make love to  
When you awake  
You'll find them on the bed  
Lying beside you  
They all love you  
You're a good girl  
And are you surprised  
When you realize  
Which way you're going to You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady If I told you  
Where you're going to  
You'd laugh in my face  
It's not my place  
Mind your business  
They all want you  
To make love to  
It's a shame to play the game  
The way you've been lied to You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady You could have been all right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady All right  
You could have been here tonight  
You could have been sweet as wine  
You could have been a lady You could have been all right

You could have been here tonight  
You could have been sweet as wine  
You could have been a lady
