

Tears From The Moon (Robbie Rivera Mix)

Conjure One

Couldn't sleep so I went out walking
Thinking about you and hearing us talking
And all the things I should have said
Echo now, inside my head It just ain't fair this thing called loving
When one step there and the other feels nothing
I would have done anything for you
I still love you, baby I adore you I feel something falling from the sky
I'm so sad I made the angels cry Tears from the moon
Fall down like rain
I reach for you
I reach in vain Tears from the moon
Fall down like rain
But tears from the moon
Can't wash away the pain Tears from the moon, tears from the moon (whispering a couple times) It just ain't fair
this thing called loving
When one step there and the other feels nothing
I would have done anything for you
I still love you, baby I adore you All day I keep from falling apart
But at night when the sky gets dark Tears from the moon
Fall down like rain
I reach for you
I reach in vain Stop, Stop haunting me
It should be easy
As easy as when you stopped wanting me
Hmm
