When I Came Home This Morning

Leo Sayer

Writers: leo sayer & david courtneyWhen I came home this morning
I got your letter and what it said
I didn't understand
You told me it was over -- au revoir -- see you again sometime
I didn't understand
And overleaf you tell me that you love me...Meet me on the corner
The usual time -- the usual place
I will be there
Meet me on the corner
I'll see you coming -- then I'll be sure
Sure you'll be there
Oh and I wanna tell you that I love you...I see your face -- I see the night
I love you -- I love you
And deep in my sleep I see your eyes
I love you -- I love youI stood on the corner
All the cars went sweeping by
Did somebody call me -- no there was no one there
Well I'll go on waiting -- perhaps tomorrow
Another day -- I will be there
Oh and I wanna tell you that I love you...
