Peaches And Cream

John Butler Trio

PEACHES AND CREAM
The light was on, and everything I felt was strong
I watched as your mascara ran
Didn't get far on that golden tan
I heard you sigh, but I don't wanna see you cry
You looked just like a walking dream
Sweeter than peaches and cream
(CHORUS)
If you want me let me know
I can show you how
If you've got nowhere to go
I can show you now
I'm yours to tame, and I don't even know your name
I like to touch your perfect skin
I can't stop once I begin

To show you more than I have ever shown before
If you could read what's on my mind
Give me yours and I'll give you mine
(CHORUS)
We could be, we could see
More than we know
We should be, we should see
More than we know
And I'd like to know
(CHORUS)(TWICE)
Sweeter than peaches and cream (If you want me let me know)
Sweeter than peaches and cream (I can show you how)
(REPEAT AND FADE)
