Live for This

Lit

I've been fallin' apart at the seams
But it's not as it seems
Broken pieces around at my feet
That I dance onIn my darkest day
In my darkest day I can find you
We've come all this way
And I'm still runnin' after it, yeahI, I, live for this
I, I, I'd trade it for nothin'I've been waitin' for someone like you
To be waitin' for me
This is more than I ever dreamed
And I dream onI wish I could stay
I wish I could stay right beside you
We've come all this way
And I'm still lookin' after youI, I, live for this
I, I, I'd trade it for nothin'In my darkest day
In my darkest day I can find you
We've come all this way
And I'm still runnin' after it, yeahI, I, live for this
I, I, I'd trade it for nothin'I, I, live for this
I, I, I'd trade it for nothin'
