

# Crash Crash

## Murderdolls

I'm at the end of my noose  
I've got nothing to lose  
I'm digging my own grave  
And that's the truth My self esteem is low and I'm so high  
And I don't give a fuck if I live or die  
Just bury me in my self pity  
Can't even get myself to talk to me I'd kill myself but it wouldn't help  
Can't someone put me out of my misery?  
I'm going down, I was born to die  
I'm going down, now I'll say goodbye Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash  
Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash Throw in the towel, it's over for me  
I fell right out of the ugly tree  
I cross my heart and I hope I die  
But I sure fucking hope, if I even try To dumb to die, to smart to live  
Those are the choices that I'm left with  
Eeny meeny miney mo  
Bombs away motherfuckers, here I go I'm going down, I was born to die  
I'm going down, now I'll say goodbye Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash  
Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash  
Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash  
Crash crash, crash crash, crash crash  
It's a hit, it's a bang, it's a smash
