I Like Your Style

Tower of Power

I remember the first day we met
And that's the day I never will forget
You came into my life
And made everything right

I remember the first time we touched
I never knew that I could love so much
You ignited the flame
And I still feel the same

I like your style
(I like your style)
I like your smile
(I like it, baby)
I love your heart
And I loved you right from the start

Made a wish upon a lucky star
For someone special just the way you are
That wish came true, when I found
When I found you, baby

Well, I can still see that star shining bright
And with this love there's no end in sight
It's just you and me, because we're destined
We're destined to be, baby

I like your style
(I like your style)
And you know that I like your smile
(I like it baby)
I love your heart
And I loved you right from the start

Each day is new
(I like your style)
Pretty girl when I'm with you, yeah, yeah
(I like it baby)
It's more than on than okay

And gettin' better each and every way, yeah, yeah

There's only one thing that I'd like to do
I want to spend my whole life with you
Till death do us part, because you captured
You captured my heart, baby

I like your style
(I like your style)
And you know that I like your smile
(I like it baby)
Each day is new, yes it is
(I like your style)
Pretty girl when I'm with you

I like your style
(I like your style)
And you know that I like your smile
(I like it baby)
I said you make me feel brand new baby, a brand new baby
(I like your style)
Pretty girl when I'm with you
I like your style
(I like your style)
