

Wendy Go Round (feat. Dillon Fernandez)

Holy Wave

She waited by the old oak tree
That's where he said he was gonna be
And when he came she noticed that
He wasn't her man But Wendy go round
And while he sleeps, she is off in dreams
To a distant land where she thinks he'll be
Calling the world waiting for her man
When will she see
When will they be Cause Wendy go round
But she doesn't make a sound She waits under the old oak tree
That's where she knows he is gonna be
And when he comes she'll take his hand
To a distant land
Where it's all a grain of sand
