Emotion Sickness

Turboslut

Erupt again ignore the pill
And I won't let it show
Sacrifice the tortures
Orchestral tear cash-flowIncrease delete escape defeat
It's all that matters to you
Cotton case for an iron pill
Distorted eyes
When everything is clearly dyingBurn my knees and
Burn my knees and
Burn my knees andEmotion sickness
Addict with no heroine
Emotion sickness
Distorted eyes
When everything is clearly dyingBurn my knees and
Burn my knees and pray
Burn my knees and
Burn my knees and prayGet up, get up, get up, get up
Get up, get up, get up
Won't you stop my pain?Emotion sickness
Addict with no heroine
Good things will pass
(It helps with excess, access)
