

# How High the Moon

[Ella Fitzgerald](#)

Somewhere there's music  
How faint the tune  
Somewhere there's heaven  
How high the moon There is no moon above  
When love is far away too  
Till it comes true  
That you love me as I love you Somewhere there's music  
It's where you are  
Somewhere there's heaven  
How near, how far The darkest night would shine  
If you would come to me soon  
Until you will, how still my heart  
How high the moon 'How high the moon'  
Is the name of the song  
How high the moon Though the words may be wrong  
We're singing it because you ask for it  
So we're singing it just for you How high the moon  
Does it touch the stars  
How high the moon  
Does it reach out to Mars Though the words may be wrong to the song  
We're asking a high, high, high, high  
High is the moon Though the words may be wrong to the song  
We're ought to make high, high, high, high  
High is the moon
