

# Hole in the Earth

## Deftones

Can you explain to me how  
You're so evil, how?  
It's too late for me now  
There's a hole in the earth  
(Hole in the earth)  
I'm out There's a hole in the earth  
(Hole in the earth)  
I'm out Can you explain to me now  
If you're still able whilst?  
I think you know the truth  
There's a hole in the earth  
(Hole in the earth)  
I'm out I hate all of my friends  
They all accept our time  
There's a hole in the earth  
(Hole in the earth)  
I'm out  
There's a hole in the earth  
(Hole in earth) Let's think about  
This is the end, somewhere  
This is the end, somewhere There's a hole in the earth  
(Hole in the earth)  
There's a hole in the earth  
(Hole in the earth)  
I hate all of my friends  
I'm out There's a hole in the earth  
In the earth somewhere
