

My Heart's Symphony (Re-Recorded Version)

Gary Lewis & The Playboys

When you told me that you loved me
And I thought I could tell that you did
My heart told me all was wellFrom the deepest part of me
There came a melody, complete with harmony
As my heart played for me a symphonyI remember all the times
You told me that you were mine
And I remember what it did to meFrom the deepest part of me
There came a melody, complete with harmony
As my heart played for me a symphonyBut when I read your goodbye note
When I read the things you wrote
When I knew that you had gone from meFrom the deepest part of me came tones of tragedy
No trace of harmony, no symphony
For there was no heart left in me
