Antiskeptic

They said that he'd come down the mountain, up and
Come and take control
They said that he'd come down the mountain, up and
Come and take controlAll the same, you sit and close your eyes and pray
Moderation in all action must rise above
and take its place don't you know?All the same, you don't sit and hold me
you don't really know me
you don't hear, console me
you don't really know meAll the same, you don't sit and hold me
All the same, you dont really know me
All the same, you don't feed and clothe me
All the same, you don't really know meThey said that he'd come down the mountain, up and
Come and take control

Come and take controlAll the same, you sit and close your arms and pray
Moderation in all action must rise above

you don't really know me
you don't hear, console me
